Alma advised us that 2025 will be her last year on the Executive. While we don't want to lose her, we certainly understand, as she is the longest standing member. Words cannot express how her experience has helped guide us during the last year of trying to revamp and move forward.

**Thank you so much Alma from the bottom of our hearts.**

With the above notice, the Executive is looking to recruit a new Event Co-ordinator starting in 2026 for a 3 year term (or longer) Send your notice of interest to anyone on the Executive.

The weather cooperated. The company was great. Food was amazing.  
This will outing will be on the books for Summer 2026, as all gave rave reviews.

## Lambton College Alumni & Foundation

📅 This past Saturday, the Alumni Association welcomed a very special group of Nursing graduates to **Lambton College** to celebrate their 50th reunion!

🏥 The Class of 1975 was the first class after the St. Clair Regional School of Nursing became known as the Lambton College School of Nursing.

Both former faculty and students were in attendance and had the opportunity to tour Lambton's state-of-the-art Health and Research Centre as they reconnected and reminisced! 🥰

Submitted by Jane's family

She was an avid gardener, and never saw a plant she couldn't identify. Fiercely intelligent, Jane had a knack for shaping lives and clay. She owned Riverside Nursery School, championed early childhood education as director of ECE at Lambton College, and made beautiful (and occasionally wobbly) pottery.

To celebrate Jane, hug your people, make something with your hands, go to the beach, give someone flowers and don't worry about cleaning your house.
