

Early Childhood Education

FAQs

How will theory courses be delivered?

All theory courses will be delivered online for the winter term.

How will my communications and general education courses be delivered?

These courses will be completely online for the winter term.

How many days will I need to be on campus?

None. Since all content will be delivered online, you will not need to be on campus.

How has the field placement component of my program been affected?

At this time, we are not able to send first year students into the field due to the limited number of placements in our community. Second year students will have placement options for the winter term.

What additional supplies are recommended for my program? Will I need a new laptop/webcam/microphone?

All students will be required to have a laptop or iPad to work through each course. We will meet virtually via Microsoft Teams, so you will need access to a microphone and webcam.

What if I have questions for my faculty?

You can email faculty at any time through their Lambton College emails or through D2L. You can also set up virtual meetings through your class-specific Microsoft Teams accounts.

You can connect with the program coordinator at kerri.finnigan@lambtoncollege.ca.
