

# Cell Phone Courtesy and Noise Guidelines

## Cell Phone Courtesy

---

As a courtesy to those around you, please turn your cell phone to silent or vibrate while in the Library Resource Centre. Please be respectful of others and leave the Library when using your cell phone.

## Noise Guidelines

---

Some of our users may find the LRC noisier than they would like. We request that everyone be respectful of the need for **QUIET STUDY**.

In order to provide a quiet atmosphere in the LRC, staff will monitor the noise level and encourage everyone to communicate quietly. If you are being disturbed by excessive noise from a nearby table or carrel, please feel free to let that person(s) know the noise is disturbing you. You are also welcome to talk to someone at the Circulation Desk and we will be happy to address the situation.

Earplugs are available at the Circulation Desk upon request.
